THIRTY-FOURTH YEAR NO. 42.

CEDARVILLE, OHIO, FRIDAY, OCTOBER 20, 1911.

PRICE, \$1.00 A YEAR

DIXON BUGGY WAS PAINTED.

The wholesale thievery that has been going on in the community about Selma, extending to Springfield, is believed to have been checked by the arrest Monday of William Wade and Harry Huff, colored.

Mr. Bumgarner was suspicious that these men might steal pigs of corn, he having seen them in the vicinity of some land he has rented on the Selma and Solon pike. He drove over that way Sabbath evening and procured a shot gun from a neighbor. While driving down the lane he met two men with some corn, which had been taken from a field adjoining his land, and he commanded them to throw up their hands. This was done and the men were compelled to get into his spring wagon and drive it to South Charleston. They protested but it was either obey Mr. Bumgarner's commands or take the consequences. The men took the seat and drove while Mr. Bumgarner stood in the back of the wagon with his gun leveled upon his victims. Once they came near getting the best of him but the barrel of the gun evidently looked more dangerous than ever and they drove on without any more trouble. Papers were taken out before South Charleston officers and both men pleaded guilty to the theft of the corn and were fined \$100 and costs, each.

The arrests indicated that these men had participated in other thefts and their home was searched with the most startling results. A Brussels carpet was found folded and placed under the mattress on the bed. Between these was a cow-hide robe which has since proved to be Mr. D. S. Dixon's. The robe had been worked in the corner but the men pulled the thread out. However the outline could be detected. In the house was a large assortment of men's and women's clothing, bolts of silk, yards of fine lace, three rifles and many other articles. An overcoat found was also identified.

A search of the barn disclosed a buggy that had been taken apart and covered with hay. The tape was found on an upper sill. This gear had been painted, this being done to cover the maroon color. This buggy was identified by Mr. D. S. Dixon who had a horse and buggy stolen in Springfield a couple of weeks ago. The other buggy was identified by Springfield parties. Mr. Dixon was only able to find part of his harness and the taps for the wheels could not be located.

Mr. Wildman recently missed a hog and one was found in the barn that resembled his, the he had no certain marks for identification. In a lot at the rear, a hog head that had evidently only been buried but a short time had been rooted up. In the barn was a quantity of baled hay that was stolen from William Grant.

The buggy, robe and harness, belonging to Mr. Dixon was appraised Tuesday at \$50 and the owner filed a charge against each, their bonds being placed at \$200 each.

Mr. Dixon's horse was found last week wandering alongside the road near Selma, Dr. Bumgarner of the village finding same. The horse is now in the owner's possession.

The Cedarville Protective Association offered a reward of \$50 for the recovery of the horse which will likely go to Dr. Bumgarner. Should Wade and Huff be convicted the \$100 reward will go to Mr. J. A. Bumgarner.

The local Protective Association is composed of about 150 members and in the past has done good work for those who have been unfortunate in having property stolen. The cost to each member is comparatively small compared with results. The loss of a single animal might pay your assessments for fifty years. Only members that are in good standing can expect the support of the association in case of loss of property, which is a pretty good rule. Each member knows whether he is in good standing or not. If not, remit to the Exchange Bank at once.

30,000 Heard "Billy" Sunday.

It is estimated that fully thirty-thousand people were in hearing distance of "Billy" Sunday in Springfield at the three meetings held Sabbath. While there are large crowds through the week yet thousands go on Sabbaths that can not attend during the week. The attendance from the neighboring towns seems to increase each week. Saturday afternoon will witness a parade by the Clark County Sabbath School Association. It is expected that fully five thousand members will be in line with a number of brass bands to furnish the music. Monday the Sunday party goes to Portsmouth to take part in the wet and dry fight that is being waged in that city. The county is dry at present and the wets have asked for an election, which will be held soon.

ENSIGN IS FOR DR. FESS.

Jamestown, Ohio, Oct. 18th, 1911.
Cedarville Herald.

After an absence of five weeks, on my return, I find that I am being quite generally quoted as opposing Dr. S. D. Fess as a candidate for constitutional delegate. I am not opposed to Dr. Fess, but am emphatically in favor of him.

After a long acquaintance with him, and a lengthy interview relative to the constitutional needs, I am glad to say I shall support him and believe him one of the best qualified men to fill this position of any man in my acquaintance. I find him one of these great, big, broad-minded men, who will not only represent the farmer but every other interest morally and physically.

It was natural after reading my article written for the Ohio Farmer and copied into probably half the local county papers in the state and written weeks before Dr. Fess or any candidate had been suggested so far as any knowledge I had, should think I would support any farmer candidate for this position. While I know there are many farmers who are abundantly qualified to fill this position and do it creditably, there are many other farmers whom it would be very unwise and unsafe to trust to this "constitutional making."

I don't care what the man's business is, if broad enough to meet the necessities of all people and knows right from wrong, justice from injustice. I have faith enough in the farmers, business men and taxpayers of Greene county to believe they will overwhelmingly rally around the standard of Dr. Fess on election day.

Church Celebrates 80th Anniversary.

REV. W. A. ROBB, D. D.

The United Presbyterian congregation at Jamestown, Rev. W. A. Robb, D. D., pastor, celebrated its 80th anniversary Wednesday. Only three pastors have served the congregation: Dr. Andrew Herron, Rev. Silas Cummins and the present pastor, Dr. Robb, who has served for forty-eight years. It might also be stated that Dr. Robb has never had but the one charge since he entered the ministry.

The special exercises in honor of this event were held in the church and presided over by Mr. J. L. Turnbull, who for twenty-five years has been an elder. A congregational dinner was served at noon, about 250 being present.

Dr. Robb opened the program with a few remarks and was followed by W. G. Moorehead, D. D., Rev. W. R. McClellan, D. D., and Rev. Sellars, pastor of the Jamestown M. E. church, made short addresses. Owing to the absence of Rev. S. M. Spencer, of Cooper College, Sterling, Kansas, a letter was read by his sister, Mrs. R. O. Finney of Xenia. A number of other letters were also read.

DEATH OF JESSE W. MARSHALL.

Death called Jesse W. Marshall at his home in Xenia last Friday night, having been ill since the first of August with a complication of ailments.

The deceased was the son of Robert and Sarah Marshall and was born June 29, 1830 on what is known as the James Barber farm east of Cedarville. The parents came here about 1832 from Virginia and after a few years located in Clark county.

The deceased was first married to Miss Anna Gowdy and moved to Monmouth, Ill., and later to Tarkio, Mo., where they resided many years and reared their family. Mrs. Marshall died 18 years ago.

Following his wife's death, Mr. Marshall returned to this township where he purchased the farm now owned by Mr. J. A. Bumgarner. On June 10, 1896 he was married to Mrs. Ada Carruthers of Yellow Springs, who survives him.

The deceased leaves besides his widow, three children: Mrs. W. F. Rankin, Mrs. J. B. Travis and W. E. Marshall of Tarkio, Mo. Three brothers and a sister also survive: William Marshall, Greenville, Ind.; S. H. Marshall, Lafayette, Ind.; G. W. Marshall, Stevensville, Mont., and Mrs. Thomas Stewart, Yellow Springs. The late Daniel Marshall of this place was a brother.

Mr. Marshall was a member of the United Presbyterian church since early youth and always took an active part in church affairs. The funeral services were held from the home Sabbath afternoon, the body being taken to Tarkio, Mo., for burial on Monday.

Horse Journal Futurity Race.

The first \$1000 race ever contested in Southern Ohio will be raced off at Jamestown next Thursday, Oct. 26th, when the Horse Journal Futurity for three-year-old trotters will be decided there. It was merely an accident that the race was secured for Jamestown, inasmuch as it was to have been contested at Hamilton two weeks ago. In this race will be seen the crack three-year-old trotters of the half mile tracks this year. The race will be driven out to the last notch in an effort to win. There are 67 colts eligible, and out of this number no doubt a large field will start, with several colts that border on the sensational, including the \$10,000 colt, Bart Axworthy, 3, 2:14 1/2, fastest three-year-old on the half mile tracks this year. The race will be called at one o'clock, and to fill out the afternoon there will be three other races with substantial purses, a 3:00 pace and 2:30 trot purse \$100; a half-mile pace, purse \$25, and a novelty race.

Evidence Was Not Sufficient.

Judge Kyle on Monday reversed Mayor Funderburg of Yellow Springs in his decision of finding Isaac Wisterman, local druggist, guilty of keeping a place where liquor is sold in violation of law.

The case is the last one of the number obtained by Prosecutor Johnson during a raid here several weeks ago. The case against Robert Batts was withdrawn and C. M. Ridgway, druggist, was not guilty. Mayor Funderburg offered to remit any fine against Wisterman on the payment of the costs, amounting to about \$10, but this was refused and the case was appealed. The county will now be compelled to pay the costs.

MONEY AND CHARACTER

The mere possession of money does not, of course prove a good character.

But the accumulation of money in a legitimate way, by careful saving, not only requires character, but also helps to build it.

The man who saves does prove that he has a stronger and better balanced character than the man who cannot save.

I always have a list of good Ohio Farm for sale. I handle Texas and Canada Lands and conduct excursions for home-seekers to Texas and Canada on the first and third Tuesday of each month.

I have sold thousands of rich acres of land to my clients in Texas and Canada at the extremely low prices of \$15 to \$35 per acre. Many of these farms have produced crops in one year that paid for the land you can do the same.

Mr. Renter, did you know that the rent you pay your landlord will in three to five years pay for one of these farms of the same size as the farm you are renting?

Is not such a proposition worth investigating? Following are a few of the men who have bought these lands.

You are welcome to talk with any of them or write them. They are all satisfied customers.

FRIDAY, OCTOBER 20, 1911

California gets woman's rights by
a recent vote of the people and we
notice that President Taft waited
until he reached states that have
suffrage before stating that he be-
lieved in this new order of politics.
This was alright for the president
to do this as these women get to
vote and he is after votes on this
trip. But what about the eastern
states where sentiment among not
only the people at large but high-up
politicians is against granting an-
fringe to women? The president
may find himself between the upper
and nether millstones by the time
he reaches Washington.

John Arbuckle the great coffee
and sugar king, has announced his
intention of fighting the tariff on
raw sugar. He claims that with
the tariff removed we can get five
and one quarter pounds for the same
money as three and one-half pounds
costs today. It is noted with con-
siderable interest that Mr. Arbuckle
makes this announcement after he
had made his millions through the
high protective duty, but he is going
to help the people this winter. An-
drew Carnegie after amassing his
fortune through high tariff on steel
is also ready to let the country have
free steel and he has advocated this
change on the grounds that the
U. S. Steel Company has no world-
wide competition and for that reason needs no
tariff. But there are hundreds of
others in the steel and sugar busi-
ness that has not made millions and
of course it is to be expected that
they will want high tariff until their
treasure boxes are filled to over-
flowing.

Let us learn to be content with
what we have. Let us get rid of our
false estimates, get up at the higher
level—a quiet home, a few books full
of the inspiration of a genius; a few
friends worthy of being loved, and
able to love us in return; a simple re-
ligion full of trust and hope and love
—and to such a philosophy this world
will give us all the empty joy it has
—David Swing.

Origin of Famous Phrase.
The phrase, "Put none but Ameri-
cans on guard tonight," is said to
have occurred originally in one of
Washington's orders of the day. At
about the time this battle of Tren-
ton was fought. It was adopted by
the Americans or "Know Nothing"
party during its political campaign in
the early '50s as a watchword, em-
bodying as it did one of the chief
principles of the party.

Up and Down.
At Bristol, Eng., a lad of 14 years
old climbed a factory chimney 150
feet high to show how smart he was.
Then about a dozen men worked for
three hours to get him down and
Wash has never climbed that way.
The boy lost his nerve and had to be lowered
by a rope, and he was sent to jail for
ten days for raising a fuss.

A Cinch.
"It's easy to find out what time it
is," said the porter and "If the
hall clock says 5:20, and the drawing-
room clock says 5:50, and the dining-
room clock says 6:05, and my watch
says 6:15, and my wife's little dinky
watch says six, it's six o'clock in our
house."

Children's Ingenuity.
If grown-ups were as ingenious in
manufacturing happiness as children
are, this old world would be grinning
all the time. Two little boys in Jones
street yesterday had a roller skate to
play with. The bigger boy put it on,
and the smaller boy rode astride the
bigger boy's feet. The two of them
had as much fun out of that skate as
if it had been an automobile. —Newark
(N. J.) News.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and modeling nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
